MAA SUDAMI INFRASTRUCTURE PVT LTD is a professionally managed engineering and construction company specializing in **pipng fabrication, structural fabrication, erection and civil work services** for industrial and infrastructure projects. The company is committed to delivering high-quality engineering solutions with a strong focus on safety, precision, reliability, and timely project execution.

MAA SUDAMI INFRASTRUCTURE PVT.LTD.

COMPANY PROFILE

KEY INFORMATION

Founding-Year-2023
Founder/CEO: SYD QMARE ALAM

Employees: +1000
Industry-construction industry, specializing
in residential and commercial projects

OUR SERVICES

01

Construction

expertise in mechanical fabrication, structural work, and equipment installation

02

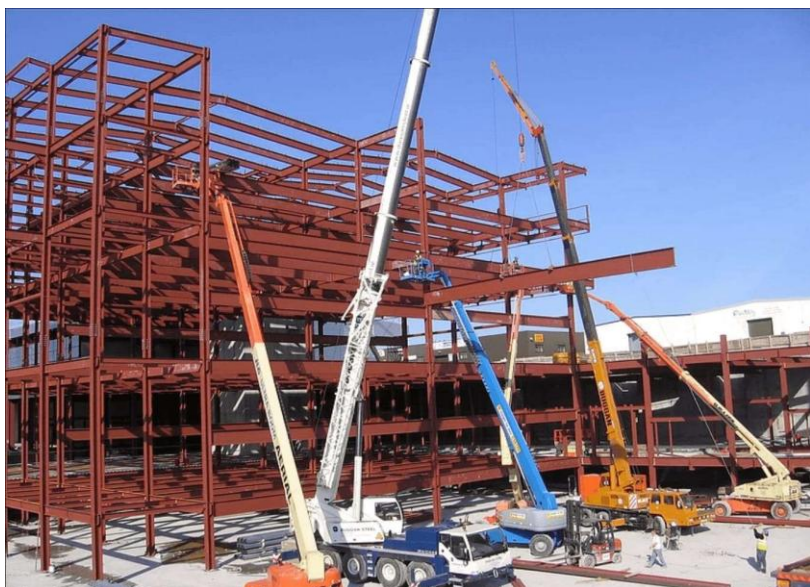

Specialized Services

End-to-end mechanical construction and fabrication solutions covering all aspects of industrial engineering projects.

03

Commercial Construction

Our comprehensive expertise spans across piping works, structural fabrication & erection, and equipment installation.

WHY US?

- 1 Decades of expertise ensure precision and excellence, guaranteeing that every project surpasses expectations with unmatched quality and reliability
- 2 Our dedicated team is committed to meticulous attention to detail, ensuring each project is executed flawlessly, meeting client specifications with precision
- 3 Rigorous quality control processes ensure adherence to the highest standards, delivering superior outcomes that exceed client expectations consistently
- 4 By prioritizing client satisfaction, we tailor solutions to meet individual needs, delivering projects on time and within budget reliably

MAA SUDAMI INFRASTRUCTURE PVT. LTD. will surpass expectations with unparalleled attention to detail and unwavering commitment to unmatched quality, setting a new standard.

STRENGTHS

QUALITY

Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction & skillful execution.

PRICE

We offer you the best competitive pricing without any compromise on the quality.

DELIVERY

Timely delivery is our promise

COMMITMENT

The commitment is what transforms a promise into a reality.

CUSTOMER SATISFACTION

Our company's greatest assets are its satisfied customer because without customers, we are no company.

INTEGRITY

We work with the highest ethical standards and demonstrate behavior that is honest, decent, and fair. We are dedicated to the highest levels of personal and institutional integrity.

TEAMWORK

We work together as a team to provide the best solutions & services to our customers.

INTRODUCTION

MAA SUDAMI INFRASTRUCTURE PVT. LTD. landscape. Based in the strategic industrial hub of All over, we have been at the forefront of mechanical construction activities for over 03 years.

Our comprehensive expertise spans across piping works, structural fabrication & erection, and equipment installation. We don't just build structures; we craft solutions that drive industrial progress while maintaining the highest standards of safety and quality.

OUR MISSION

MISSION

Our mission is to deliver and supply the most noteworthy quality products to our clients utilizing sustainable procedures that meet the most elevated standards. We trust that profoundly talented and motivated employees are the way to accomplishing our goals.

VISION

Our vision is to participate consistently expanding our production capacities with a specific end goal to meet the epidemically developing demand and therefore hold our position at the front of the steel business.

OUR VISION

CAPABILITIES

- What sets us apart is our unwavering commitment to client satisfaction, backed by a team of 500+ skilled professionals and
- state-of-the-art equipment. Every project we undertake is a testament to our dedication to excellence and innovation.
- End-to-end mechanical construction and fabrication solutions covering all aspects of industrial engineering projects.
- **MAA SUDAMI INFRASTRUCTURE PVT. LTD.** has very focused management and highly experienced team.

ABOUT US

MAA SUDAMI
INFRASTRUCTURE PVT.
LTD.

Engineering (Formerly Construction) stands as a beacon of engineering excellence in All over India, industrial landscape. Based in the strategic All over, we have been at the forefront of mechanical construction activities for over 03 years. Our comprehensive expertise spans across piping works, structural fabrication & erection, and equipment installation. We don't just build structures; we craft solutions that drive industrial progress while maintaining the highest standards of safety and quality. What sets us apart is our unwavering commitment to client satisfaction, backed by a team of 120+ skilled professionals and state-of-the-art equipment. Every project we undertake is a testament to our dedication to excellence and innovation.

With skilled manpower, technical expertise, and a customer-focused approach, **MAA SUDAMI INFRASTRUCTURE PVT. LTD.** Engineering provides end-to-end support for fabrication, installation, maintenance, and site execution activities across various industrial sectors.

OUR POLICY

Our policy is to strive hard to ensure our projects are completed on time, within stipulated budget while ensuring utmost customer care and satisfaction. This helps us in achieving long term employees and customer affiliation. Our focus on employee empowerment and customer satisfaction makes us unique in our area of operation. Each Employee is made aware of the need to improve performance and workmanship continuously wherever possible and this provides the best quality product.

WHY CHOOSE US

Expertise: We have highly experienced and technically sound team to handle big projects with maximum precision and timeliness, owing to our expertise in positively the key strengths that make our team.

OUR SERVICES

We are committed to execute the work as per client requirement, delivered equal to or exceeding the specified requirements of the project.

The general philosophy is to operate and maintain the system which provide documentary evidence that the work has been executed to the issued specification and were any deviation from this has been made that is recorded and approved.

STEEL FABRICATION

- Structural steel Design and Construction
- Erection Work
- Stainless Steel Balustrades
- Staircase /Stainless Steel Handrails
- Feature Frames/Warehouse Inlets
- Plant building structures (rolled & Built-up sections)
- Technology structures
- Pipe Racks
- Plate fabricated pipes
- Cladding
- Oil & Gas Equipment's/Supports
- Guardrails
- Mezzanine Floors
- Bollards
- Access Platforms
- Steel Staircase
- Platforms
- Structure Work
- Fencing Works
- Fertilizer Plant Machineries
- Cage Ladders/ Cat Ladders
- Chemical Plant Equipment's
- Heavy Steel Fabrications
- Pollution Control Equipment's
- Walkway Platforms /Bridges

CUTTING BENDING SERVICES

- Plate Cutting -Laser & CNC Plasma
- Sheet Bending
- CNC Plasma Cutting
- Plate Rolling
- Sheet Rolling
- Shearing
- Pipe Rolling

TENSILE SHADES STRUCTURE

- Car Parking Shades
- Retractable Shades
- Walkway Shades
- Awning Shades
- Window Shades
- Kids Play Area Shades Structures

We work with highest ethical standards and demonstrate a behavior that is honest, decent, and fair. We are dedicated to the highest levels of personal and institutional integrity.

ENGINEERING STRENGTH

We have a well experienced and highly professional team for Design Engineers, Tekla Modelers Engineers, Draftsman, CAD Detailer, Modelers, drawing checkers etc. to tackle turn-key projects, With our knowledge and expertise team.

This is in conjunction with highest standard of workmanship during all stages of Process which will enable us to provide our esteemed clients with best quality of solution and services.

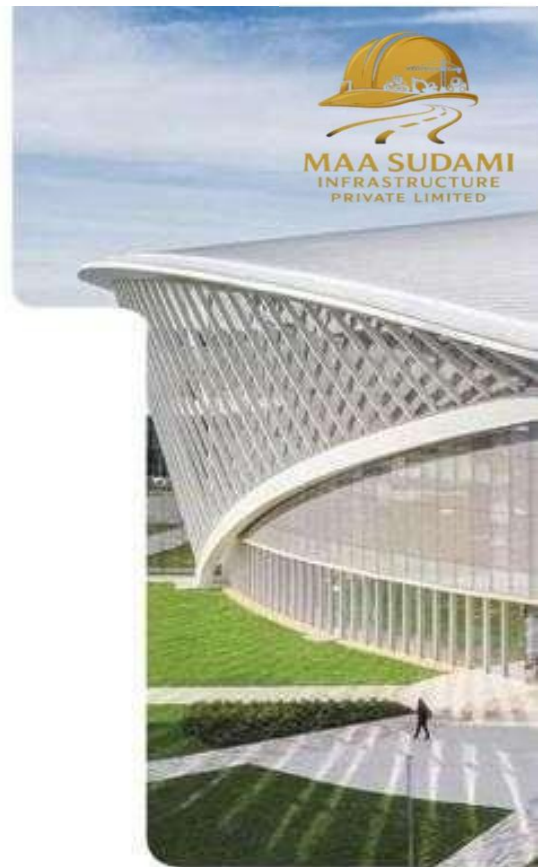

ENGINEERING DESIGN AND PROPOSAL

- Structural Steel Designs
- Architectural Steel Design
- Conceptual design as per client and vendor
- Production line requirements
- Detail design for the entire project
- Design and Build for Industrial Plant/factory
- Tekla Modelling
- Analysis & Design Calculation Report
- Engineering Shop Detail Drawing
- Fabrication & Erection Drawing
- Concept Drawing & Proposal
- Detailing
- Drafting
- Cad Drawing
- 3D Modeling
- 2D Modeling

ENGINEERING CODE AND PRACTICES

- IS Code
- ASCE/AISC/ASTM/ASTM Codes
- BS Codes
- Euro Codes
- IBC Codes
- UBC Codes
- NFPA Codes
- All Relevant National Codes

Our company's greatest asset are its satisfied customer because without customers, we are no company.

We work together as a team to provide the best solutions & services to our customers.

COMPANY PROFILE

Our Happy Clients

We're proud to have served some of India's most prestigious companies, building lasting partnerships through exceptional service delivery.

Exceptional quality and timely delivery. trusted partner for multiple projects."
MAA SUDAMI INFRASTRUCTURE PVT. LTD. has been our trusted partner for multiple projects.

OUR SERVICES

Civil Construction

- Residential Buildings
- Commercial Buildings
- Industrial Buildings
- RCC & Foundation Works
- Bridges & Culverts
- Water Treatment Plants
- Infrastructure Development

To become one of India's most trusted infrastructure and engineering companies by delivering world-class Civil, Road construction projects etc.

SAFETY & QUALITY WORK VALUATION

SAFE WORK. QUALITY WORK. RIGHT EVERY TIME.

SAFETY FIRST

WEAR PPE

Always use proper PPE for your safety.

FOLLOW PROCEDURES

Follow safe work procedures and guidelines.

HAZARD AWARENESS

Be aware of surroundings and report any hazards.

TEAM SAFETY

Look out for your fellow workers.

QUALITY FOCUS

DO IT RIGHT

Ensure the work is done right the first time.

INSPECT & VERIFY

Check your work and verify quality at each step.

MEET STANDARDS

Follow quality standards and specifications.

CONTINUOUS IMPROVEMENT

Learn, improve and strive for excellence.

OUR COMMITMENT

- ✓ Zero Harm
- ✓ High Quality
- ✓ On Time Delivery
- ✓ Customer Satisfaction

SAFETY IS EVERYONE'S
RESPONSIBILITY

QUALITY IS
OUR PRIDE

TOGETHER, WE BUILD
A SAFER & BETTER FUTURE

Safety and Quality Work Evaluation

If you want it as a slogan for industry or piping & structural work, these also sound natural:

- Safety First, Quality Always
- Safety and Quality at Work
- Safe Work. Quality Work. Every Time.
- Committed to Safety and Quality Excellence.

SAFETY & QUALITY WORK EVALUATION

SAFE WORK. QUALITY WORK. EVERY TIME.

SAFETY FIRST

WEAR PPE

Always use proper PPE for maximum protection.

FOLLOW PROCEDURES

Follow safe work practices and company guidelines.

HAZARD AWARENESS

Be aware of surroundings and report any hazards.

TEAM SAFETY

Look out for your fellow workers.

QUALITY FOCUS

DO IT RIGHT

Ensure the work is done right the first time.

INSPECT & VERIFY

Check your work and verify quality at each step.

MEET STANDARDS

Follow quality standards and specifications.

CONTINUOUS IMPROVEMENT

Learn, improve and strive for excellence.

OUR COMMITMENT

- ✓ Zero Harm
- ✓ High Quality
- ✓ On Time Delivery
- ✓ Customer Satisfaction

**SAFETY IS
EVERYONE'S RESPONSIBILITY**

**QUALITY IS
OUR PRIDE**

**TOGETHER, WE BUILD
A SAFER & BETTER FUTURE**

PLAN SAFELY
Assess risks and plan your work.

WORK SAFELY
Follow procedures and use PPE.

CHECK QUALITY
Inspect, verify and ensure compliance.

FINISH STRONG
Deliver quality work with zero harm.

SAFETY TODAY. QUALITY ALWAYS. EXCELLENCE EVERYDAY.

GUN SPRAY PAINTING

Safety & Quality Work Evaluation

Safe Work. Superior Finish. Zero Defects.

You can also use these professional points:

- Wear Proper PPE
- Surface Preparation
- Correct Paint Mixing
- Maintain Spray Distance
- Uniform Coating Thickness
- No Runs or Sags
- Quality Inspection
- Follow Safety Procedures
- Clean Work Area
- Zero Harm • High Quality • Customer Satisfaction.

BUILDING CONSTRUCTION SAFETY & QUALITY WORK VALUATION

SAFE WORK • QUALITY WORK • BETTER FUTURE

SAFETY FIRST

Follow safety rules, protect lives and prevent accidents.

QUALITY ALWAYS

Ensure best quality in every step for strong & durable construction.

OUR COMMITMENT

Zero Harm

High Quality

On Time Delivery

Customer Satisfaction

SAFETY PRACTICES

USE PPE

Always wear required Personal Protective Equipment.

WORK AT HEIGHT SAFELY

Use safety harness & follow height safety procedures.

FOLLOW SAFETY RULES

Follow instructions, signage & safety guidelines.

SAFETY TRAINING

Regular training creates awareness and saves lives.

QUALITY MATERIAL

Use standard & tested materials for long lasting strength.

PROPER WORKMANSHIP

Skilled workmanship ensures accuracy and durability.

QUALITY CHECK

Regular inspection & testing for defect free construction.

STRONG & RELIABLE STRUCTURE

Quality work today builds a safe tomorrow.

TOGETHER WE BUILD SAFER, STRONGER & BETTER STRUCTURES

SAFETY IS A CHOICE, QUALITY IS OUR HABIT

❖ Safety Evaluation BUILDING CONSTRUCTION SAFETY AND QUALITY WORK

Safety Evaluation

Ensure all workers wear PPE (Helmet, Safety Shoes, Gloves, Safety Vest, Goggles).

- ✓ Inspect scaffolding, ladders, and lifting equipment before use.
- ✓ Follow all site safety rules and work permit procedures.
- ✓ Maintain good housekeeping to prevent slips, trips, and falls.
- ✓ Conduct regular safety training and toolbox talks.
- ✓ Keep first-aid kits, fire extinguishers, and emergency exits ready.

Quality Evaluation

- ✓ Use only approved and tested construction materials.
- ✓ Check reinforcement, formwork, and dimensions before concreting.
- ✓ Maintain proper concrete mix, vibration, and curing.
- ✓ Ensure accurate alignment and level according to approved drawings.
- ✓ Inspect workmanship at every stage of construction.
- ✓ Record all quality inspections and test reports.

Mr. Suryjeet Verma is a visionary leader who plays a crucial role in driving the company's growth, operational management, and project execution strategies. With extensive industry knowledge and strong leadership capabilities, he focuses on maintaining the highest standards of quality, safety, and efficiency across all industrial and infrastructure projects. His commitment to innovation, disciplined execution, and client satisfaction has helped the company build a strong reputation for reliability and professionalism. Through strategic planning and effective team coordination, he continuously works towards expanding the company's capabilities and delivering long-lasting industrial solutions.

Mr. Suryjeet Verma, Director

Mrs. Pooja Verma plays an important role in strengthening the company's organizational management, operational efficiency, and client relationship practices. Her dedication towards maintaining transparency, professional ethics, and smooth project coordination ensures that every project is executed with precision and responsibility. She strongly believes in teamwork, quality-driven performance, and customer-focused service, which helps the company maintain consistent standards across fabrication, erection, pipeline, and industrial support services. Her leadership and management approach continue to contribute significantly to the company's stable growth and trusted industry presence.

Mrs. Pooja Verma, Director

Mr. SYD Qumare Alam leads the company with a strong vision of operational excellence, industrial innovation, and sustainable infrastructure development. With expertise in industrial project management, fabrication operations, and execution planning, he ensures that every project is completed with accuracy, efficiency, and strict safety compliance. His focus on adopting advanced technologies, improving work processes, and delivering cost-effective solutions helps the company meet modern industrial requirements with confidence. Under his leadership, the company continues to grow as a dependable name in the industrial fabrication and infrastructure sector by consistently delivering quality-focused and performance-driven solutions.

Mr. SYD Qumare Alam, CEO

MAA SUDAMI INFRASTRUCTURE PRIVATE LIMITED

Thank You

For your trust, support and valuable partnership.
Together, we build a stronger tomorrow.

We look forward to achieving greater milestones together.
